To Whom It May Concern:

I am writing to ask you to put in the necessary laws and regulations to stop the practice of starving chickens in order to increase egg production. This is a cruel and barbaric practice and I ask you to support its elimination. I am appalled that any living creature would be deliberately starved. All creatures exist for their own reasons. They do not exist to be tortured and murdered by human beings. This inhumane practice must stop!

Sincerely,

Nancy James
